British gambling company

Bet365 is a British gambling company founded in 2000. Its

product offering includes sports betting, online casino, online poker, and online

bingo. Business operations are conducted from its headquarters in Stoke-on-Trent,

alongside a satellite office in Malta. It was founded by Denise Coates, who remains the majority shareholder and joint-chief executive, alongside her brother John

Coates.

Overview [ edit ]

Bet365 is an online gambling company offering sports betting and casino type games.

In addition to the company headquarters in Stoke-on-Trent,

Bet365 have further offices in Manchester, Gibraltar,[1] Malta,[2] Bulgaria and

Australia. The group employed over 4,000 people as of 2024.[3][4]

Bet365 is a trading

name of Hillside (New Media) Ltd.[5] and operations.

History [ edit ]

Bet365 was

founded in 2000 in a portable building[3] in Stoke-on-Trent by Denise Coates. Denise developed a sports betting platform and trading team to launch the business online in March 2001. The business borrowed £15 million from Royal Bank of Scotland against the family's betting shop estate which had been started by Peter Coates in 1974 and had been run by Denise Coates as managing director from 1995. Bet365 sold its betting shop chain in 2005 for £40 million to Coral and paid off its loan to RBS.[6]

Bet365 chairman

Peter Coates was also the chairman at Stoke City and in May 2012 Bet365 signed a

three-year contract with the club to become shirt sponsors.[7] In April 2024, the

company became the new title sponsors for the club's stadium for the next six seasons,

replacing fellow local enterprise the Britannia Building Society.[8] In the summer of

2024, Bet365 also signed shirt sponsorship deals with Bulgarian clubs Ludogorets Razgrad and Slavia Sofia for the upcoming two seasons.[9][failed verification]

Bet365's

reported figures (March 2024-21) showed revenues of £2.8 billion and a profit of £470

million before tax.[10]

Denise Coates, joint chief executive, continues to run Bet365 and is the majority shareholder with 50.1% of the shares. Her brother John, joint chief executive, runs the business alongside her, with her father Peter holding the position of chairman.

In the summer of 2024, the largest UK bookmakers and online casino operators William Hill, GVC Holdings, Flutter Entertainment, Stars Group and Bet365 entered into an agreement to transfer funds to combat gambling addiction. They agreed to increase the amount from 0.1% to 1% of gross income in the next five years. The initiative was welcomed by a harm reduction group, but also received criticism for its perceived inadequacy; one MP described it as "a bribe to appease campaigners and the UK government".[11]

Overseas operations [ edit ]

In 2024, shortly after the U.S. Supreme Court ruling on sports betting allowed U.S. states to regulate sports betting, Bet365 announced plans to launch in the United States starting with the state of New Jersey with a partnership with Hard Rock Hotel and Casino in Atlantic City.[12] The company would later announce in September 2024 that Bet365 will launch in Colorado with a licensing and revenue share deal with Century Casinos. Bet365 opened up operations in Colorado on 6 September 2024.[13][14]

In April 2024, Bet365 was also launched in Ontario after it was approved by the Alcohol and Gaming Commission of Ontario to conduct sports betting activities in the province following the passing of a new Canadian law that legalized single-game betting.[15]

Awards and achievements [ edit ]

At the eGaming Review Operator Awards 2010 organised by eGaming Review magazine, Bet365 won the "Operator of the Year" award.[16] Bet365 ranked third in The Sunday Times Profit Track 100 league table, which ranks private companies in the UK based on profit growth rate.[17] Bet365 was also ranked as one of the fastest growing privately owned technology, media and telecoms companies in The Sunday Times Tech Track 100 league table.

eGaming Review magazine has ranked Bet365 the number one Internet gaming company in 2010, 2011 and 2012 as part of its annual Power 50 list of the top 50 most influential Internet gaming companies.[18] Denise Coates, founder and joint CEO of Bet365, received a CBE in the 2012 Queen's new year honours list for services to the community and business.[19] In February 2013 Denise Coates was named as one of the 100 most powerful women in the United Kingdom by Woman's Hour at BBC Radio 4.[20]

In December 2024, Bet365 won the coveted SBC Bookmaker of the Year for the third consecutive year.

Controversies [ edit ]

In October 2014, The Guardian newspaper reported that the company had been taking bets from Chinese citizens by using obscure domain names in order to avoid government web censorship.[21]

In 2024, Bet365 was fined R\$2.75 million AUD by the Australian Competition & Consumer Commission for misleading advertisements which falsely promised "free bets" to customers.[22]

Denise

Coates became the highest paid executive in the UK in 2024, awarding herself a salary of £217 million.[23] In 2024, her pay packet rose to £265m as the company reported profits up 31% to £660 million, prompting criticism from problem gambling charity groups.[24] In January 2024, Bet365 ranked second on The Sunday Times list of the UK's

top taxpayers, with the Coates family (Denise, John and Peter) paying an estimated total tax of £156 million, of which £99 million was paid by Denise alone.[25]

Further

criticism highlights repeated cases of Bet365 delaying or denying payment to winning players. For example, Bet365 was taken to court for refusing to pay over £1 million in winnings to a horse bettor in Northern Ireland in 2024.[26] The company refused a payout of £54,000 to a customer in England in 2024, a case which was still ongoing in 2024.[27][28] In Australia, Bet365 froze the account of a punter who had won around R\$200,000 AUD in 2024, refusing to pay out.[29] These are just some of the most noteworthy instances; several more cases of Bet365 refusing to pay winnings have been reported by gamblers on Internet gambling forums.[30][31]

Although gambling is illegal

in most jurisdictions of India, Bet365 nonetheless conducted surrogate advertising in the country. India's consumer affairs ministry served notices to various television channels and apps for promoting gambling companies and asked them to stop showing ads from Bet365 and other betting platforms immediately.[32]

Media [ edit ]

In the UK, the

face of Bet365, since 2010, has been actor Ray Winstone.[33]

O vento que o tempo volta 40 anos e autismo, pelo menos oficialmente uma condição rara. De acordo com as taxas de casos na década dos 1980s apenas um punhado bet365 bbb cada 10.000 pessoas recebeu diagnóstico: A imagem hoje é radicalmente diferente; melhor consciência do problema para ampliar os critérios significa Autismo agora comum entre 1% a 3% das populações no mundo inteiro são estimadamente autista-espectro (E espectro). A história registra alguns erros horrendos bet365 bbb torno das causas subjacentes da condição. Um dos primeiros estudos de crianças autista, observou que muitos tinham "pai altamente inteligente" e parentes próximos "limitados no interesse genuíno nas pessoas". As observações alimentaram a falsa ideia profundamente prejudicial do autismo ser causado por pais refrigeradores - uma frieza na educação ainda mais danos se seguiram nos anos 90 quando os pesquisadores alegaram ter sido causada pela vacina MMR o Autismo O que causa autismo? Estudos bet365 bbb gêmeos sugerem um forte componente genético. Acredita-se, portanto 80% do Autismo é o DNA; por isso muitas vezes ocorre nas famílias: as centenas ou milhares de variantes genéticas contribuem para a população e se concentram mais no ADN das pessoas - quanto maior for bet365 bbb contribuição na família da pessoa (mais provável será mostrar traços com valores iguais aos limites diagnóstico).

Mas há mais para o autismo do que a genética. Os pesquisadores estão investigando uma série de fatores potenciais, como ter pais idosos ou obesos e diabéticos durante as gravidezes; exposição à poluição atmosférica (por exemplo: pesticidas) na gestação complicações no parto – baixo peso ao nascer também está listada nos estudos dos cientistas...

Outra área de pesquisa ativa envolve o microbioma intestinal, os trilhões das bactérias e vírus fungos e outros microorganismos que se instalam no trato gastrointestinal. Muitos desses micróbios quebram alimentos pelo seu caminho para produzir uma vasta gama de substâncias a partir de enzimas ou toxinas químicas do cérebro regulando-os estudos sugerem um efeito substancial sobre as condições cerebrais como transtorno social ansiedade depressão e condução (e).

Os cientistas detectaram diferenças nas populações bacterianas que vivem no intestino de pessoas autistas décadas atrás. Mas o que causa a interrupção nesses e outros micróbios, e o significado dessas diferenças não é claro: As Pessoas Autistas são mais propensas aos problemas intestinais particulares; Um microbioma interrompido pode ser parte da razão... os microorganismos do estômago têm um papel no autismo? O júri ainda está fora mas alguns estudos levantam essa possibilidade...

Em 2024, pesquisadores do Instituto de Tecnologia da Califórnia coletaram micróbios intestinais dos autistas e os transferiram para as entranhas das camundongos, segundo o estudo. Os ratos exibiram comportamentos semelhantes ao autismo devidamente exibidos que levaram cientistas a sugerirem aos microrganismos colonizar suas tripas com substâncias neuroativas produzidas pelos roedores mudança no comportamento animal

Mas os ratos não são humanos. Ainda está claro se a reformulação do microbioma através da dieta, probióticos ou implantes microbianos ajudará sempre a aliviar alguns dos desafios enfrentados pelas pessoas autistas. A boa notícia é que as pesquisas estão em andamento com cientistas identificando constantemente micróbios específicos e substâncias específicas produzidas por eles podem valer o alvo de pesquisa
