Roulette Advanced Game Review

Netent's Roulette Advanced offers everything you love

about classic roulette – excitement, elegance, and simplicity but also variety in playing. By adding some new features to how to place your bets, Roulette Advanced is a welcome addition to the market of roulette games. If you like classic European roulette, you will also like Roulette Advanced. Here we tell you everything you need to know to get started!

Roulette Advanced game overview

If it is roulette that attracts

you to your online casino, then Roulette Advance will be a welcome addition to your game catalogue. Regardless of how much previous knowledge you possess, you will soon understand the various game mechanics in this casino game from Netent. Thanks to the fact that you can try playing for free before betting money, you have time to learn the game.

This is a classic roulette game with a zero on the table. This is usually called European roulette, as opposed to American roulette where you have two zeros. This means that the odds of winning are slightly higher in European roulette than in American roulette. This slot has a high RTP of 97.3% which is unusual for table games of this type. In addition to a good RTP, Netent also succeeds in creating a pleasant atmosphere through both musics, camera angles and graphics in Roulette Advanced. You can adjust the music in the background yourself and turn off the sound effects completely if you want.

At the bottom right you will find the buttons you need to adjust your bets, and there you can choose anything from 0.1p up to 5000 £! Since the payout varies between different bet combinations, you create the odds yourself. A special feature of Roulette Advanced is the possibility to play on red and black splits. More on this in the next paragraph!

Game features in Roulette Advanced

If you have played European roulette

before, you may be wondering why you should now try Roulette Advanced. What are the features that are new and exciting in this edition of the classic board game? As we mentioned, there is an incredible market of different games and game combinations which

make it easier to play systems and spread your chances. In addition to the classic even/uneven, red/black, first, second and third twelves, and playing on full rows, you can place so-called red and black splits. These games simply split the red or black numbers in half and allow you to bet on nine numbers with one bet. If you open up the entire game menu at the bottom left, you are also presented with the option to bet on numbers that end with a selected number, on orphans and horses - nearby numbers. You can also save your most common game combinations so that you can find them easily with a couple of clicks!

The feature we like the most is that you see which numbers are hot and cold all the time. This means that you are constantly presented with statistics that make it possible to improve your game and win more.

Where can I play Roulette Advanced?

Since Netent is one of the world's largest game manufacturers, you will have no problem finding Roulette Advanced at most online casinos. As an added bonus, the game is also compatible with your smartphone and your tablet, both with Androids and iOS, but of course works perfectly on a normal computer as well.

SlotCatalog's assessment

It's hard not to like Roulette Advanced if you already have a weakness for classic and elegant table games. The music sets the mood and the possibility to constantly vary the game with the help of many different game combinations makes Roulette Advanced feel exciting. At the same time, it is possible to vary the stakes from as low as one crown up to ten thousand, which makes Roulette Advanced suitable for both experienced players and beginners. This is a roulette game for everyone!

Oleksandr Usyk é o primeiro campeão mundial peso-pesado deste século

Oleksandr Usyk é o primeiro campeão mundial peso-pesado deste século depois de derrotar Tyson Fury betway live roulette uma luta emocionante nas primeiras horas de domingo de manhã. Usyk adicionou o título WBC de Fury aos cinturões IBF, WBA e WBO que ele já possuía quando foi merecidamente dado o veredicto de 115-112 pelo primeiro juiz e 114-113 pelo terceiro oficial.

A pontuação do cartão do meio foi chamada de 114-113 a favor de Fury, mas ele quase foi nocauteado na nona rodada quando ele vagou pelo ringue embriagado. Ele recebeu um count de oito e foi salvo pela sirene.

Um confronto absorvente e altamente técnico, se brutal, mudou de momentum quando Usyk teve uma rodada dominante na oitava. Um gancho direito e um cruzado esquerdo acertaram Fury. E então, de repente, com nova convicção, Usyk aterrou um soco de esquerda que abalou Fury. Sangue começou a sair do nariz de Fury e ele foi marcado acima do olho esquerdo.

Pressão constante

Usyk aumentou a pressão na nona e aterrou uma incrível sequência de 14 golpes sem resposta. Fury titubeou sob o assalto, se balanceando e tropeçando helplessly, seus olhos betway live roulette branco. O árbitro poderia ter interrompido a luta, mas, com Fury sendo segurado pelas cordas flácidas, ele deu ao lutador ferido tempo para se levantar antes de começar a contar até oito. Parecia uma contagem longa demais.

Fury, como sempre, mostrou resiliência nas rodadas seguintes e foi competitivo, mas as rodadas 10 e 11 foram vencidas por Usyk, que aterrou os golpes mais fortes. Antes da última rodada, Fury estendeu o braço para tocar luvas com Usyk enquanto o olhava betway live roulette admiração.

Uma combinação rápida de Usyk marcou cedo, mas dois direitos retos de Fury provaram que ele ainda estava tentando vencer a luta. Mas Usyk desferiu uma cadeia emocionante de socos no final de um confronto emocionante e frequentemente magnífico.
