Game Reviews: 7 Games That Are Surprisingly Bad

According to critics and players alike, these seven games fail to deliver despite their potential. Here's why they fall short and what we can learn from their mistakes.

1. E.T. the Extra-Terrestrial (Atari 2600, 1982)

One of the most notorious video game disasters of all time, E.T. the Extra-Terrestrial was supposed to be a groundbreaking title that would revolutionize gaming. However, it was released in an unfinished and nearly unplayable state, leading to its infamous reputation.

2. Superman 64 (Nintendo 64, 1999)

Another infamous entry in the world of video games, Superman 64 was plagued by poor controls, bland level design, and a lack of any real substance. Despite being based on one of the most iconic superheroes of all time, the game was a critical and commercial failure.

3. Daikatana (PC, N64, and Game Boy Color, 2000)

Promising "a new kind of interactive experience" and billed as "the next big thing in gaming," Daikatana was ultimately a disappointment. Delayed by two years and plagued by development issues, the game was released to mixed reviews and has since been regarded as a major flop.

4. Aliens: Colonial Marines (PC, PS3, and Xbox 360, 2013)

With a development cycle spanning six years and hyped as the definitive Aliens experience, Aliens: Colonial Marines was a massive letdown. The game was criticized for its poor AI, dull visuals, and a lack of innovation.

5. Sonic the Hedgehog (Xbox 360 and PS3, 2006)

The blue blur's first foray into high-definition was a disaster. With uninspired level design, awkward controls, and an overemphasis on cutscenes, Sonic the Hedgehog was panned by critics and fans alike.

6. Duke Nukem Forever (PC, PS3, and Xbox 360, 2011)

After more than a decade in development hell, Duke Nukem Forever was finally released to widespread disappointment. With outdated graphics, dull gameplay, and a reliance on juvenile humor, the game was a far cry from the classic shooter many fans had hoped for.

#### 7. No Man's Sky (PC, PS4, and Xbox One, 2016)

Initially marketed as a groundbreaking open-world space exploration game, No Man's Sky was ultimately a letdown. The game was criticized for its repetitive gameplay, lack of features, and a lack of depth.

While these games serve as cautionary tales, they also provide valuable lessons for developers and publishers. By studying their failures, the industry can learn and grow, leading to better games and happier players.

## **Biden Aprobó un Proyecto de Ley que Exige a TikTok Vender sus Operaciones en los EE. UU.**

El presidente Biden está listo para firmar una ley que exige a TikTok, propiedad de la empresa china ByteDance, vender las operaciones de la popular aplicación de redes sociales en los Estados Unidos o hacer frente a una prohibición. La semana pasada, el Senado aprobó la legislación como parte de un paquete de asistencia exterior para Ucrania, Israel y Taiwán.

### **¿Cómo Afectará la Legislación a TikTok?**

La nueva ley da a ByteDance 270 días para vender las operaciones de TikTok en los EE. UU. Si la empresa está cerca de completar un acuerdo cuando se acerque la fecha límite, el presidente puede autorizar una prórroga de 90 días. Si ByteDance no cumple, se prohibirá la aplicación en los EE. UU., bloqueando las tiendas de aplicaciones y los servidores web que la distribuyen.

### **¿Por Qué los EE. UU. Quieren Prohibir TikTok?**

Existe la preocupación de que el gobierno chino pueda acceder a los datos de los 170 millones

de usuarios de TikTok en los EE. UU. debido a las leyes de seguridad nacional. La FBI ha advertido que la empresa matriz de TikTok, ByteDance, puede ser influenciada por Beijing para manipular el algoritmo de la aplicación y recopilar información de los usuarios con fines de espionaje. TikTok ha negado dichas acusaciones y ha declarado que no ha cedido a ninguna solicitud gubernamental para acceder a los datos de los usuarios.

## **¿TikTok Apelará Contra la Legislación?**

TikTok ya ha anunciado que presentará una demanda contra la ley una vez que se promulgue, alegando que viola la Primera Enmienda de la Constitución de los EE. UU., la cual protege la libertad de expresión.

## **¿Quién Podría Comprar las Operaciones de TikTok en los EE. UU.?**

Varias empresas tecnológicas y financieras han expresado interés en comprar TikTok en el pasado, incluyendo a Microsoft, Oracle, Walmart y Sequoia Capital.

## **¿Qué Piensa el Gobierno Chino?**

El gobierno chino ha declarado que se opone firmemente a la venta de TikTok y que dicha acción afectaría la confianza de los inversionistas para invertir en los EE. UU.

## **¿Otros Países Prohibirán TikTok?**

TikTok ya ha sido prohibida en varios países debido a las preocupaciones sobre los datos de los usuarios. La aplicación está prohibida en los teléfonos gubernamentales del Reino Unido, los Estados Unidos, Canadá y Nueva Zelanda, y hay llamados para prohibir la aplicación en el Reino Unido.
