ZOOM Poker is a way of playing poker at PokerStars. It's different, it's fast and it's a whole lot of 1 fun. Instead of playing one table with up to 10 players, you can play a pool of up to 200 1 tables and 2000 players at the same time. This means an increase in your total hands per hour of up 1 to 400%.

At first everything looks like a normal ring

game, but as soon as you fold your hand, you will 1 get dealt a completely new hand at a completely new table. That's right, you don't need to wait until the 1 current hand is done, you instantly get a brand new hand. You don't have to fold another 72o on the 1 button, just to wait for the next marginal hand and do it again. Hit the Fast Fold button as many 1 times as you like until you get a playable hand.

What do these features

mean for your strategy? A lot! Let's 1 start with the obvious changes to the game.

These

changes might seem obvious to you, but many players have difficulties understanding 1 the consequences. For example, players still think they have to slow play their Aces because they played them aggressively in 1 earlier hands. But it's most likely that no one will notice!

Let's get into the less obvious differences to regular NLHE 1 poker.

The

above points don't always apply to the player in the Big Blind. She doesn't have the option to Fast 1 Fold as long as nobody raises. Unlike the Button or Small Blind position, she always has to wait.

Because of that, 1 many players might defend their Big

Blind more often to your late position steal attempts. This is in complete contrast 1 to every other position in ZOOM Poker. While everyone tends to play tighter, the Big Blind might be even looser 1 than in a regular game.

ZOOM Poker is another addition to the wide

selection of poker variants that are offered on 1 PokerStars. You should play the games that have the most appeal for you. It should be fun! Everything else comes 1 next. To give you more input for you choice, here are some benefits of playing ZOOM Poker.

On

the downside, you 1 have less time per decision, which not only gives you less time to analyze situations, but also less time to 1 learn from them. As soon as you fold, you can't follow the action anymore (unless you hold the CTRL key 1 when you click the fold button in order to watch the end of a hand). You won't know how opponents 1 play certain situations unless you play against them.

Which style should you play in order to be a

winner at ZOOM 1 Poker? Similar to most questions in poker, the answer is: It depends! In ring games, you know it's best to 1 adjust to your opponents. For example, when an opponent plays too tight, you can loosen up a bit to take 1 advantage. This remains true in ZOOM Poker, but you now have to adjust to the whole player pool. Play tighter 1 or looser than the average player and make further adjustments whenever possible. For example, if you are playing in a 1 loose pool, tighten up. But if your opponent realizes you're tight, try to widen your range.

Of course, this article doesn't 1 cover every

aspect of ZOOM Poker strategy. There are many refinements that can turn a slight edge into a massive 1 one. Always be aware of what happens to the player pool, consider position, adjust your play to certain opponents, and 1 most importantly, have fun with ZOOM Poker!
