How to Play Extra Chilli Megaways Slot

Extra Chilli slot online has a base game that is fun, engaging and yet, simple. The number of rows gets shuffled up newly for each spin, increasing the volatility and the possibilities of this game. The symbols include playing cards from 9 to ace and 4 distinct kinds of chillies – crystallized. These symbols have varying payout values, with the cards having lower denominations, followed by the chillies. The most rewarding symbol in the base game is that of the purple chilli. When 6 of these symbols appear on a given spin, it can win a player up to 50 times his or her stake.

Also, the reels in this game are cascading. When a symbol forms a winning combination – it disappears, and others come to take its place, and these

Finally, Big Time Gaming introduces a fun innovation by bringing in a "free spins gamble" feature. A player may choose to gamble his or her total free spins and, in the case of a victory, will have them doubled, while a loss will lead to a retraction of all the spins. The feature plays out like a standard slot gamble feature.
