Here, we'll help you learn all the basics to play online blackjack.

First, in blackjack you play against the Dealer to determine which one has the better hand.

To win, you need to get a score closer to 21 than him.

If you or the dealer get more than 21 points, then you both lose automatically.

On the opposite, if you get 21 in your first hand you score a "Blackjack" and win automatically.

It's really hard to get 21 in your opening hand, thus most of the times you'll need to make your way up to 21 asking more cards.

These, are some of the actions you have to get closer to the winning score: Hit: add one card to your hand to get more points.

Stand: if you think your hand is good enough, then you can choose not to get any more cards.

Your score will be set and the winner will be declared.

Double: double your bet.

Surrender: this action depends on the type of Blackjack you are playing.

However, if you have the option you can choose to give away your first two cards and the half of your bet will be refunded.
