Getting

Started Teachers

1. Create a group for your class.

Within your Group you will post

discussion prompts for your students, called Topics, which serve as the stimulus for

your learner's video Responses. 2. Create a 'Join Code'.

Learners will use this code to

access your grid, so try to make it easy to remember. Permissions

When you set up your

Group, you will choose how learners can access by selecting a Group Community Type.

Student Email: choose this option to allow only those with @hwbcymru usernames to access your Group

You must also add '@hwbmail' to the 'Add school email' section to ensure all of your learners will be able to access your group

choose this option to

allow only those with usernames to access your Group Student username: Students will join the Group by using a unique student ID of your choosing, which can be as simple as 2+ letters or numbers

choosing, which can be as simple as 2+ letters or numbers Google Classroom: select this option, login with your Hwb username and allow access. You can then select a class from your Google classroom 3. Add Topics

Topics are the stimulus for conversation. Within

your Topic you can include anything you would like your learners to review prior to recording a video Response, such as videos and links.

4. Share your Group and collect

videos from your learners

Once you have set up your Group and created your first Topic,

share your Group's Join Code with your learners. You can copy/paste a link to your Group in Google Classroom, Microsoft Teams, or whatever you use to communicate with your class. That's it! Your class is now ready to go with Flip!
