Intro Stepping into the world of online casinos is easy when you're playing at 22Bet casino. In this article, which is part of our best online casino reviews, you'll find a wide range of casino games, sports betting, live dealer games, and top promotions to

explore. Furthermore, you'll enjoy a truly global experience, as residents from 30+ locations are welcome to join, from Europe to Canada.

License The most important aspect

to tackle first in our 22Bet casino review covers licensing credentials and security.

The 22Bet web platform is managed and operated by TechSolutions (CY) Group Limited (registration number: HE 377018). It offers online gambling and sports betting products and services legally through two separate licences, issued by: the Government of

Curaçao (licence number 8048/JAZ, issued on 16 November 2024, valid until 28 November 2024), and

(licence number 8048/JAZ, issued on 16 November 2024, valid until 28

November 2024), and the Kahnawake Gaming Commission (licence No. 00882, issued on 19 May 2024). The personal data you supply at registration and your banking information

are both encrypted and stored in a password-protected database. To guarantee your data confidentiality, 22Bet uses 128-bit encryption SSL version 3, alongside the latest

firewall technology. Unfortunately, while in the past the platform accepted UK

residents and was also licenced by the UK Gambling Commission, this is not the case anymore in 2024. Their sister portal, 22bet.co.uk, has officially shut down.

Responsible Gambling Methods Being a responsible gambler is about more than just setting a budget or knowing your limits; it's also about making the most of responsible

gambling methods when necessary. The good news is that 22Bet casino provides a number of responsible gambling measures that can be activated. These include deposit limits,

personal betting limits, full access to your customer history, and the ability to opt out from your account for a specified amount of time. You can also choose to

self-exclude by contacting the 24/7 customer support team via live chat or e-mail. If

you're unsure whether or not you need help for a gambling problem, refer to the Problem Gambling Questionnaire on the responsible gambling page, or contact GamCare for more

information.

available? First deposit casino bonuses, weekly slots races, rebate bonuses, birthday gifts, and various sports offers are some of the best online casino bonuses that await

if you decide to become a member of 22Bet casino! Here are the main highlights to discover in 2024 and how you can redeem these juicy offers. **Welcome Bonus** If you've

just registered on 22Bet casino, completed all requested fields in your player profile, and made a first deposit of at least €1, you'll be eligible for a casino bonus of 100%

up to €300. You don't have to use any promo code - 22Bet grants this promotion automatically to your account once you've made the minimum deposit required. The

wagering requirements are 50x to convert the bonus funds into real money, while the maximum bet to wager the bonus is €/\$5. This offer is not available if you've made your

first deposit in cryptocurrency. The wagering must be fulfilled within seven days of activation. **Claim this Bonus at 22Bet Weekly Races** Fire up for the competition every

week with 22Bet's slot races! If you enjoy the thrill of a race against the clock in exchange for a chance to win €10,000, you're in the right spot. For those of you who

are interested, you need to opt in manually by clicking on the 'Take part' button from the offer page. The brand organises races every week, from Monday 00:01 GMT to Sunday

23:59 GMT. Any player is welcome, new or existing. Only slots are included; table games and live casino are not. For every bet you place at any 22Bet slots during the

promotional period, you'll receive a set number of points, with a €1 bet = 100 points. Throughout every race, you'll be able to track your progress and see how you're

measuring up against the other participants by following the leaderboard. Each race will have 100 winners, and prizes are distributed to the players with the highest

number of points. Rewards are paid in cash, have no wagering requirements, and will be credited within 24 hours after the race ends. **Birthday Bonus** Your birthday is not just

the perfect occasion to party with friends and family... at 22Bet, this day also means

receiving a special gift, namely 500 points that you can use in the bonus shop. To be eligible for the bonus, you must have a valid player account, and make sure both your e-mail address and phone number have been verified. In addition, all the fields in the 'My Account' section must be completed, and you have to agree to participate in the bonus programme. The offer is only available to active customers, and you'll receive the bonus on your birthdate (the one supplied at registration and validated through an ID). At the current moment, 22Bet doesn't have a platform-wide VIP programme. In fact, they only have a VIP programme for sports that is available for users in Senegal. The concept is simple: the more bets you place, the higher the number of comp points you acquire in the leaderboard. These can further be exchanged into free bets.

Games

If you're a fan of real-money casino games from different software providers, then 22Bet casino is the place to be. You'll find hundreds of games available by many of the best creators and studios in the industry. Enjoy classic slots or make your way to the 'New' category to see the latest additions such as Irish Treasures Leprechaun's Fortune, Spear of Fire, and many more. Click on one of the software providers listed, and you can see their full range of games. Take your pick from Evoplay, Habanero, Iron Dog Studio, and a myriad of other choices! And, if you fancy a real-time and highly authentic gambling experience, 22Bet also offers live dealer casino games, powered by TVBet, Evolution Gaming, and Absolute Live Gaming, among others. All the classics are just one click away, with stakes for every pocket, including live dealer roulette, live dealer blackjack, live dealer poker, live dealer baccarat, as well as live casino game shows. As for local flavours, we're also pleased to find Hindi-style live games, Dragon Tiger, and fast variations for veteran players, such as Speed Baccarat and Speed Auto Roulette.

Casino Design The 22Bet website

features a calming colour palette of green, dark blue, and red, while the informational sections have an all-white background for better readability. This provides a balanced,

professional design that's not too tiring on the eyes, even when using a smaller screen. The platform is also well-organised, as the main points of interest for the player are reunited in the top menu – 'sports', 'live', 'jackpot', 'casino', 'bonuses', etc. The website is responsive, so you can navigate to your favourite games category with no issue from a smartphone or a tablet. Furthermore, most titles on display are mobile-friendly - for example, HTML5 slots and live casino game shows. One aspect to critique is that the loading speed is a bit slow, especially when you visit the home page. This is because there are numerous visual elements that need to be displayed at once, such as banners and slot logos. On the flip side, the image quality is good, and all the visuals are rendered in HD. To locate a desired game easily, there are two main sections provided, namely 'casino' for the live dealer games, and 'slots' for the various slot categories available (e.g. single-line slots, Megaways™ slots, Bonus Buy slots, etc.). In addition, if you want to find something even more specific, you can use alternative filters, such as 'new', 'jackpot', 'popular', and 'Drops & Wins'. A search bar is supplied in the top-right corner of the casino page, for those of you who want to locate a game by name or developer.

Mobile App 22Bet casino offers all its games on its mobile site, which can be accessed via your mobile browser. Slick and easy to navigate, everything you enjoy about the desktop site can be found on its mobile counterpart in an instant. Just make sure that your internet connection is reliable to avoid any interruptions to your gameplay. **No Casino Mobile App! No Casino Mobile App!** Sadly, while 22Bet does have iOS and Android mobile apps, these only provide access to sports betting, not slots or live casino. Even so, they're great at what they do, allowing you to place bets on the go, watch live sports and esports matches, deposit and withdraw money from all around the world, at any time.

Customer Support If you have any queries about your account, the bonuses available, or any other platform features, you can contact customer support 24 hours a day, seven days a week on live chat or e-mail, at support-en@22bet. Alternatively, you can use the on-site contact form: simply supply your first name, e-mail address, and message, and a team member will get back to you as soon as possible. Moreover, should anything go wrong with your experience, 22Bet has another e-mail address where you can submit a complaint: complaints@22bet. There is also a phone assistance line that you can call: +357 99 816806. When you access the website, you can choose from 60+ languages to get a local experience, including British English, Finnish, Romanian, and Japanese, among others. However, the customer support team only answers queries in English. Based on our tests, the response rate for the live chat is quite good - we were able to get a satisfying answer in roughly five minutes.

VIP Section Unfortunately, at the time of writing, there is no VIP or loyalty programme available at 22Bet casino.

Nigel Farage lidera en TikTok durante la campaña electoral en el Reino Unido

Nigel Farage está superando a todos los demás partidos y candidatos en TikTok durante la campaña electoral, según muestra el análisis, eclipsando a los políticos considerados más populares entre los jóvenes.

Desde que se convocaron las elecciones, los videos publicados en la cuenta personal de Farage han tenido más interacciones y visualizaciones en promedio que cualquier otro candidato, así como los canales principales de otros partidos.

El partido Reforma ha decidido recientemente dirigirse a los votantes más jóvenes como parte de su campaña, con Farage apareciendo en podcasts dirigidos a jóvenes hombres y creando videos que lo muestran haciendo playback de las letras de Eminem. Sus publicaciones han generado más interacciones por video que Jeremy Corbyn, Zarah Sultana y Carla Denyer juntos.

El cambio en el apoyo a Reforma es más fuerte entre los votantes mayores, especialmente entre los conservadores desilusionados de 2024, pero las encuestas recientes muestran que el partido de Farage está atrayendo a más seguidores jóvenes que los conservadores. Una encuesta de YouGov del 18 de junio tiene a Reforma en el 11% entre los 18-24 años y a los conservadores en el 5% para el mismo grupo.

A lo largo de las cuatro semanas de la campaña, la cuenta oficial del partido Laborista ha publicado más videos que la cuenta personal de Farage, obteniendo la mayor cantidad de participación general, medida como el número de likes, compartidos y comentarios, así como visualizaciones.

Pero la cuenta de TikTok de Farage publica el contenido de mayor rendimiento y supera fácilmente a Labor en un 30% y a los Tories en más del doble en el período entre el 22 de mayo y el 17 de junio en términos de participación.

La cuenta de Laborista, sin embargo, tiene casi el doble de visualizaciones en términos absolutos

(33 millones de visualizaciones totales frente a 18 millones). Pero para lograr esas cifras, el partido ha publicado más del doble de contenido (78 videos frente a 33 de Farage). Cada video que Farage ha publicado atrae un promedio de 552,000 visualizaciones, en comparación con 423,000 para la cuenta de Laborista. Mientras tanto, la cuenta del Partido Conservador ha promediado 504,000 visualizaciones en solo 24 videos desde que se convocaron las elecciones. Sin embargo, el Partido Laborista parece haber adoptado un enfoque diferente. Ha publicado videos que apelan a intereses específicos, confiando en la curación agresiva de TikTok para presentarlos solo a los usuarios que probablemente respondan bien. Un video, por ejemplo, descarta el mensaje convencional y, en su lugar, representa a Rishi Sunak como el "auramancer" que echa una maldición sobre cualquier usuario que no lo reenvíe.

Para el análisis, el Guardian buscó las cuentas pertenecientes a los principales partidos, así como a candidatos destacados con otras afiliaciones, identificando aproximadamente 500 candidatos con cuentas de TikTok. Pero solo captura la frecuencia de participación, no el sentimiento. Una cuenta podría encabezar la lista con comentarios negativos, así como con puntos de vista positivos, aunque no hay mucho para sugerir que es la causa del éxito de Farage en la plataforma.

Salvatore Romano, jefe de investigación en la organización de investigación sin fines de lucro Al Forensics, dijo que jugar con los algoritmos es importante para cualquier éxito en la plataforma. "Están diseñados para maximizar la participación en lugar de la calidad de la información. Esto significa que si un usuario o político quiere volverse viral, debe crear contenido atractivo en lugar de contenido de alta calidad."

El análisis también encontró que un tercio de las circunscripciones de Gran Bretaña tenían candidatos que usaban activamente TikTok durante la campaña electoral, con aquellos en el quinto más joven más propensos a usar la plataforma.

Sultana, de 30 años, candidata laborista para Coventry South, ha estado usando TikTok para llegar a los jóvenes desde que fue elegida en 2024. Tiene el segundo número más alto de seguidores, después de Nigel Farage, y uno de los mejores números de participación y visualizaciones de los candidatos generales.

después de la promoción de la boletín

Después de Labor, Reforma está publicando la mayor cantidad de contenido en TikTok. Durante la campaña, los candidatos de Labor y la cuenta oficial de Labor han publicado más de 900 videos en total: casi tres veces el número publicado por los Tories.

Mientras tanto, Reform UK y sus candidatos han publicado casi 800 videos en el mismo período, en comparación con 355 de los conservadores.

El análisis también muestra que el Partido Nacional Escocés participó activamente en la plataforma, con más del 40% de sus candidatos que tienen una cuenta de TikTok, la mayor proporción de los seis partidos analizados.

El Partido Laborista ocupa el segundo lugar, con casi una cuarta parte de los candidatos para esta elección con cuentas.

Preguntas y respuestas

Cómo medimos el rendimiento de los candidatos en TikTok

Mostrar

Este proyecto buscó medir si, y en qué medida, los principales partidos y los candidatos individuales estaban explotando TikTok en el período previo a las elecciones generales del Reino Unido el 4 de julio.

Para hacerlo, el Guardian buscó manualmente las cuentas de TikTok de todos los candidatos de los principales partidos, así como de algunos candidatos destacados con otras afiliaciones, identificando aproximadamente 500 candidatos con cuentas de TikTok.

Esta etapa del análisis tuvo lugar durante la semana del 7 de junio – cuando cerró el plazo de nominación de candidatos – al 14 de junio de 2024 y abarcó a 3.200 candidatos, o el 71% de los que se presentan a las elecciones.

De ese total, se identificaron 500 cuentas de TikTok para su análisis posterior. El Guardian recopiló todo el contenido de video publicado por estas cuentas el 18 de junio, capturando solo los videos publicados públicamente entre el 22 de mayo – el día en que se llamaron a las elecciones generales – y el 17 de junio, inclusive. Aproximadamente una quinta parte de las cuentas analizadas no publicó en este período de tiempo.

El análisis se centra en las tasas de visualización y las tasas de participación, dos métricas recomendadas por AI Forensics, una organización sin fines de lucro que investiga algoritmos influyentes y aboga por que las empresas sean más transparentes sobre el uso de algoritmos.

Las tasas de visualización se refieren al número de visualizaciones que cada cuenta acumuló durante el período, dividido por el número de videos publicados públicamente por esa cuenta en el mismo período.

Las tasas de participación se refieren al número combinado de likes, compartidos y comentarios por video dividido por el número de videos publicados públicamente por esa cuenta en el mismo período.

El análisis solo captura la frecuencia de participación, no el sentimiento, lo que significa que los comentarios enumerados podrían capturar opiniones negativas, así como positivas, sobre esos videos.
