Zentaurus Review

Zentaurus is one of those games where you need to look beneath the surface to fully appreciate the game's potential. Those who prefer classic looking slots will have no problem, but if you're used to fancy video slots you might be fooled by the simple visual presentation here. The game is actually packed with solid features, and an equally solid max win.

It all plays out on 5 reels, 3 rows and 20 ways

to win, and you can place bets between £0.05 and £10 per spin across all platforms and devices. The RTP is a pretty average 96 %, and this is a very volatile game from Merkur. The big wins can come from the multiplier wild feature in the base game, or from the elaborate free spins bonus round with sticky symbol respins.

Combine the

latter with the multiplier wilds, and you are looking at at 250,000 coins max win potential. Merkur has decided to cap the max win at that level, but it's still a solid potential in our book. If you can look past the dated visual presentation, this is a pretty solid game that can build up to very exciting crescendos due to the entangled bonus features.

What symbols are there?

The highest paying symbol here is the Zentaurus

wild, and you also find some decent paying symbols from the greek culture here. The best regular symbol is a greek landscape picture, and the regular lower value royal symbols are also represented on the reels. You need between 3 and 5 matching symbols on a payline to win, and here is the payable for Zentaurus slot:

Zentaurus wild - Pays

5,000x for 5 on a payline

Mountain scene picture - Pays 200x for 5 on a payline

Harp -

Pays 80x for 5 on a payline

Vase - Pays 32x for 5 on a payline

Fruit basket - Pays 24x

for 5 on a payline

Royal symbols - Pay between 16x and 4x for 5 on a payline

What are

the bonus features?

The wild symbol can really do a number on your wins here, as it comes with different multiplier values attached depending on how many wilds are part of the winning combo. If only one wild is part of the combo, you still get a 2x multiplier.

Two wilds gives you a multiplier value of 4x, while 3 wilds increases the multiplier to 8x. The largest multiplier of 16x is applied whenever 4 wilds are part of a winning combo. Please note, however, that there is no multiplier if you land wins with the wild symbol only. This means the highest paying regular symbol (the mountain landscape) can pay out up to 3,200 times your stake, just as long as it combines with 4 wilds.

Free spins in Zentaurus

You need to land at least 3 scatter symbols anywhere on the reels at the same time to trigger the bonus round here. This gives you 10 free spins to start with, and the feature can be retriggered indefinitely by landing 3 new scatters during the bonus round. You will benefit from the wild multipliers also during the bonus round, in addition to a special feature called the Streak feature.

You will

activate the Streak feature whenever you land a winning combo with a free spin. The winning symbols become sticky, and the rest of the reels respin. If you add to the winning combo, you will get another respin. This process goes on as long as you keep winning, and will not only give you a lot of extra spins, but it can also rack up some solid payouts for you.

What is the jackpot (max win)?

There is no progressive or fixed jackpot to be won on Zentaurus slot, but you can certainly win big anyway. The max win of a single spin, or via the bonus round, is capped at 10,000 times your stake (or 250,000 coins). This is a very solid potential, even for a highly volatile game.

Where

can I play Zentaurus?

You can play Zentaurus for real money at one of the listed casinos below: Where to play Zentaurus.

Don't want to play for real money? No problem,

you can easily play the demo for free here at SlotCatalog: Play Zentaurus for free.

Yes, you can also play Zentaurus on your mobile and tablet devices, and Merkur has made sure this game is fit for all handheld platforms. This gives you the freedom to chase the big wild multiplier wins on the go, and all you need is your Android, iPhone or iPad.

SlotCatalog verdict

While the graphics look dated, and the game resembles an old-school physical slot machine, it's actually a lot better than what meets the eye. The wild multipliers can give you solid wins even in the base game, and the bonus round with sticky symbol respins can take your for quite a thrill ride to say the least. Being a volatile game, the max win potential is solid, and any fan of classic looking games should have a field day here.
