The games were first introduced following the release of the Frozen movie in 2013, and serve as a synergy of entertainment - a fusion of movie magic and adventure gaming. Developed by Disney Interactive Studios, the games share Frozen's core message of love, bravery and self-discovery, allowing players, especially young girls, to engage with the film's beloved characters and explore the picturesque landscapes that define the icy fantasy.

For example, some games focus on Elsa's magical powers, allowing players to create icy castles, crystalline artwork, or frosty landscapes. Others focus on Anna's journey, tracing her steps toward self-actualization and strengthening her bond with Elsa. Some games also feature Olaf, Sven and Kristoff, providing a well-rounded portrayal of the Frozen universe.
