The 2024 World Series of Poker has come to its conclusion. As every summer, Las Vegas has been home to many less-known poker games for over a month. One such game is Badugi, a fascinating and unique poker variant that challenges players with its distinct rules and strategies.

This article will delve into the game's intricacies, providing all the information you need to understand what Badugi is all about. This year's WSOP Champion in theR\$1,500 Limit Badugi - Michael Rodrigues - won overR\$144k for his efforts, so there's definitely money to be made in niche games.

What are the origins of Badugi?

Badugi is a captivating form of poker that most likely originated in Asia and soon after gained worldwide popularity. Unlike traditional poker variations like Texas Hold'em or Pot Limit Omaha, Badugi is a draw game played without community cards. Also, unlike Five Card Draw, every player receives four cards. The game's objective is to create the lowest four-card hand possible, with the added twist that players aim to have four different suits and ranks.

The basic rules of Badugi:

The basic rules of Badugi poker are:

Each player is dealt four private cards facing down.

The game

consists of four rounds of betting, similar to other poker games.

For simplicity,

players often refer to the first betting round as pre-draw. Analogically, the second betting round is considered the flop; the third betting round is regarded as the turn, and the last, fourth betting round, is called a river - just like in No Limit Hold'em.

Players can discard and replace any or all of their cards during each round.

They can also choose not to replace any cards - such a move is known as "standing pat".

The goal of Badugi is to form the lowest hand possible, ideally with four cards of different suits and ranks.

Straights and flushes do not count, and aces are always considered low.

Just like in most poker games, one player posts the Small Blind, and the player to their left posts the Big Blind.

The ultimate goal is to complete A-2-3-4, with each card of a different suit - a Royal Flush of this drawing game.

Understanding the hand rankings

In Badugi, hand rankings differ from traditional poker. The lowest hand wins, and suits play a significant role in determining the strength of a hand. Here is a breakdown of the most common starting hands from strongest to weakest:

Badugi: A hand with four cards of different suits. For example, A 2 5 7.

Three-Card Hand: A hand with three cards of different suits. For example, 3 7 9 (X).

Two-Card Hand: A hand with two cards of different suits. For example, 6 8 (X)(X).

One-Card Hand: A hand with only one card. For example, A(Ax)(X)(X).
The

betting rounds

Badugi follows a structure similar to other poker games, with four rounds of betting. Here is an overview of the betting rounds in Badugi:

Pre-Flop: After

receiving their initial four cards, players place their bets based on the strength of their starting hand. Draw 1: Players can discard any number of their cards and receive replacements from the deck. The first betting round occurs after this draw. Draw 2: The same process as Draw 1 occurs, with players having the opportunity to discard and replace their cards once again. Draw 3: Following the final draw, players have one more chance to improve their hand before the final betting round.

Basic strategies for success in Badugi

To succeed in Badugi, it's essential to develop effective strategies that take advantage of the unique aspects of the game. Luckily, it's unlikely that you'll encounter seasoned players on your path, so it'll be easy to develop a significant edge quickly.

Here are some essential tips to improve your Badugi skills:

Aim for Badugi: When playing, strive to create a four-card Badugi - hand with different suits. Drawing for a great hand usually gives you a better chance of winning than settling with a bad hand.

Bet aggressively with strong hands: Whenever you complete a strong Badugi hand, bet a lot. Remember that the aim of any poker game is to complete a strong hand and make your opponent pay to see it.

Observe your opponents:

Pay attention to how many cards your opponents discard during each draw. This information can provide valuable insights into the strength of their hands.

Position

matters: Similar to other poker games, your position at the table is crucial. Being in a late position allows you to make more informed decisions based on the actions of other players, don't disregard that advantage.

Bluff wisely: Bluffing can be effective

in Badugi but requires careful consideration. Choose the opponents you are going to

bluff wisely.

Common mistakes to avoid when you play Badugi

To become a skilled Badugi

player, it's important to be aware of common mistakes that can hinder your progress.

Here are some pitfalls to avoid:

Neglecting hand selection: Always strive for a Badugi

hand rather than settling for weaker combinations. Avoid being too attached to hands that do not meet this requirement.

Overvaluing suited hands: While suits are crucial in

Badugi, be cautious to avoid overvaluing hands with cards of the same suit. Remember, the objective is to have four suits in your final hand.

Limping: Like in more popular

poker variants, limping is usually a bad strategy in Badugi. If your hand is strong, raise it; if it's weak, fold it.

Not folding versus aggression: In most games, whenever

your opponents show strength, they usually have it. Don't be stubborn with mediocre hands; focus on betting when you have the goods yourself instead.

Ignoring pot odds:

Understanding pot odds is vital in any poker game. Make sure to calculate your odds of completing a Badugi hand and compare them to the size of the pot before making any significant bets.

A refreshing twist in a world of NL Hold'em and Pot Limit Omaha

With

its distinct rules and strategies, Badugi offers a refreshing twist to poker players

obsessed with the most popular variants. It also does not require you to study a lot -

you'll gain a significant edge in this niche game by grasping the basic rules and hand rankings and giving a moment of thought to your strategy.

If you'd like to try Badugi,

the best place to go is PokerStars. You'll find small tournaments there running daily.

Of course, PokerStars is best known for its No Limit Hold'em offer, and there's

no better Hold'em format than Spin & Go's. Hundreds of our players will happily second that but don't take our word for it; check out our offer for yourself.

Estados Unidos busca fortalecer control sobre tecnologías físicas clave, según el nuevo enfoque de ciberconflicto

Como resultado, la estrategia va 5 más allá de las reglas de gestión de ciberconflictos y se concentra en los esfuerzos estadounidenses para asegurar el control 5 sobre tecnologías físicas críticas, como los cables submarinos, que conectan países, empresas y usuarios individuales a servicios en la nube. 5

Huawei, la empresa de telecomunicaciones china, ha estado buscando dominar la colocación de cables a través del Pacífico y, 5 cada vez más, en todo el mundo. Sin embargo, el Sr. Fick mantiene que las empresas estadounidenses, japonesas y europeas 5 todavía dominan el mercado y que "ésta sigue siendo una área en la que podemos competir vigorosamente".

El Sr. 5 Blinken, en su discurso, dejó claro que parte de la diplomacia que vislumbra implica convencer a las naciones para que 5 no dependan de cables submarinos, almacenamiento de datos o suministros de computación en la nube de proveedores chinos, o de 5 otros estados en la órbita tecnológica de China. Describe una competencia cada vez más a cero suma, en la que 5 los países serán obligados a elegir entre inscribirse en un "montón" de tecnologías dominado por Occidente o uno dominado por 5 China.

"En estas áreas, los Estados Unidos actualmente lideran el mundo, pero los proveedores de estados autoritarios se vuelven 5 cada vez más competitivos", dijo el Sr. Blinken a la Conferencia RSA. "Es crucial que trabajemos con proveedores confiables y 5 excluyamos a los no confiables del ecosistema".

El Sr. Blinken dejó claro, por implicación, que está etiquetando a las 5 empresas chinas como no confiables.

Citó un esfuerzo estadounidense, junto con Australia, Japón, Nueva Zelanda y Taiwán, para conectar 5 a 100.000 personas que viven en las islas del Pacífico, una pequeña población, pero una que China ha estado apuntando 5 debido a su ubicación estratégica, en su esfuerzo por expandir su influencia en el Pacífico Sur.
